Mining Card
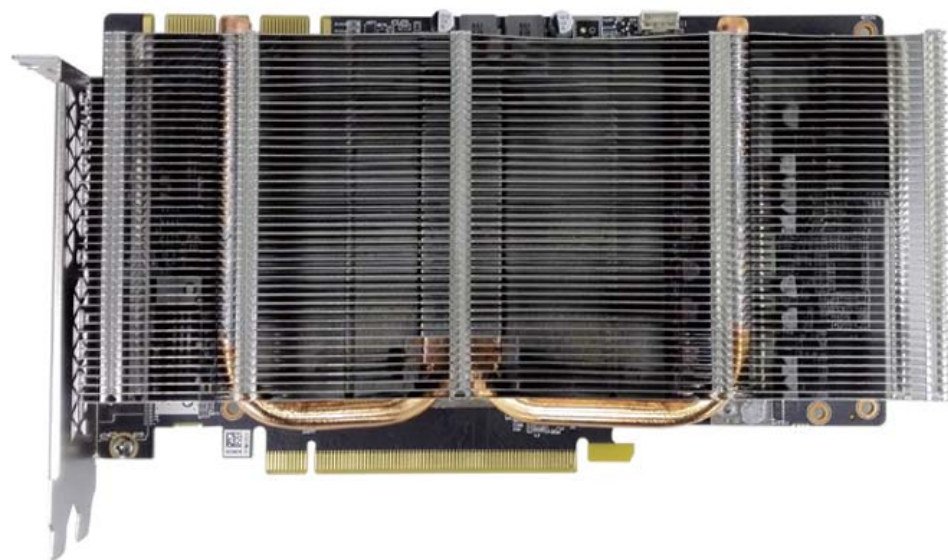

GAP102HH010

- Professional cryptocurrency mining card
- High hash power, excellent mining return
- Good ETH hash rate at 50MH/s or more
- TDP is only 250W, good balance between power consumption versus hash power
- Support all kind of cryptocurrency mining such as Ethereum(ETH) and Monero(XMR), Bitcoin Glod(BTG), Zcash(ZEC), Decred(DCR), Siacoin(SC), Digibyte(DGB)

Product Name	GAP102HH010
Chipset Name	P102-100
CUDA Cores	3200
Base / Boost Clock	1582 / 1683MHz
Memory Clock	10010MHz
Memory Configuration	5GB GDDR5X
Memory Interface	256bit
Bus Type	PCI-Express 1.0
Cooling Design	Heatsink
Card Dimension	230mm x 140mm x 2 Slot
Power Consumption	250W
Power Input	2 x 8-pin
Supported OS	Windows 10 / 8 / 7

P102 100 5G 256 bit
